

THE JOB: MID-LEVEL DEVELOPER

We still get verklempt over solving problems. If you're a programmer with a few years' experience, we should talk. Do you have:

- Experience with .NET programming (prefer C#)
- Experience in web development using JavaScript, HTML5 and CSS
- Strong SQL skills and experience with relational database design
- Experience in analysis, requirements development, creation, implementation and ongoing maintenance in an Agile environment
- At least two years of programming experience

This is a full-time position based in Dublin, OH. No remotes please. Please do not apply if you cannot document that you have at least two years of work availability in the USA.

THE PERKS

- A flexible vacation policy.
- Flex hours. Wanna work four 10s? Sure.
- Health, dental, vision and retirement benefits.
- On site client embeds.
- No drama, stable company.
- We run multiple projects for clients so when you're done you get to work on something new.
- Average developer tenure – six years. Longest tenure – 17 years. Ask us why.

THE NEXT STEP

Send your resume in PDF format, along with salary requirements and a link to a GitHub, BitBucket, or other developer account/profile if you have one.
